DOUBLE ARM-LINK WITH ABS BRAKING SYSTEM

Lambretta's G350 redefines the fusion of timeless style and innovative engineering with its state-of-the-art ABS braking system and the revolutionary double arm-link suspension. The G350 isn't just about capturing the essence of classic design; it's about elevating it with modern functionality to meet the demands of today's discerning rider.

FULL LED LIGHTING

The Lambretta G350's lighting system is a beacon of innovation, artfully crafted to enhance both visibility and heritage. With a full LED setup, it casts a bright and efficient light, ensuring superior driving safety around the clock. This isn't just about illumination; it's about a luminous legacy, thoughtfully updated for the modern era. Under the glow of the LED lights lies Lambretta's signature hexagonal design, a nod to the illustrious past, elegantly brought into the present. The iconic shape, recognized and revered, bridges generations of design philosophy, merging the classic with the contemporary.

REAR LIGHT LED

The G350's rear light is an exquisite fusion of Lambretta's iconic heritage and contemporary innovation. Its classic design, infused with modern elements, holds a stunning feature: within the glow, the Lambretta logo emerges, a subtle yet striking homage to the brand's storied past. This elegant integration of branding and design not only enhances the scooter's aesthetics but also ensures a distinctive and beautiful presence on the road.

Battery Charging

USB CHARGER

The Lambretta G350 marries classic design with modern convenience, featuring a USB charger discreetly nestled within the glove box. This thoughtful addition ensures your digital devices are always powered, allowing you to stay connected, no matter where your journey takes you. It's about enhancing your ride with the conveniences you need, hidden right where you need them.

THE ICONIC OF LAMBRETTA

The legendary badge from the past that has been passed down to the present is engraved on the black rubber floor mat.
