

ADVENTURE SCOOTERS

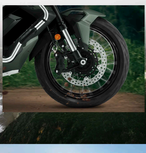
adventure scooters style that combines toughness and elegance ready to tackle any terrain, whether smooth tarmac or off road trails,designed for explorers seeking both performance and excellent ease

High-performance tires specially for Adventure.

Grip up on excellent tires for riders who enjoy both city and off-road driving. With deep treads that provide exceptional traction on any surface, whether it's dirt, gravel, or pavement. These tires are designed to withstand the rigors of off-road use and are highly durable, designed to handle rough conditions. Switch to dual-sport tires, and you'll discover a versatile riding experience that suits all terrains.

35 FEATURES
OF ZONTES 368G

368cc Liquid Cooled	Vacuum Brake Anti-Squat Rear	Trim Seat Pucated	Front Shock Absorbers Compatibles & Wider 20 Rings	2 x 290 Brake Calipers	Floating Disc Brake	L T A L Lightweight Tubular Aluminum Frame	Large Capacity Fuel Tank
Bluetooth Peripheral	5.5 Dimensional Headlight Control System	2200TW Headlights With	6 Inch TFT Multi-Function	Frontlifter Dual Gaiters Acting Shock Absorber	Tire Pressure Monitoring System	5.5 Inch Adjustable Windshield	
LED Lighting with Projector Lens	Fog Lamp	Rear Shock Absorbers Preload Adjuster 7 Step	Integrated Stainless Steel Guard	Adjustable Handlebar	Side Grade Hub Crashes	Large Capacity Rear Storage Box	
USB Port	Handguards	Aluminum bash plate	Brake Handle parking function	BOSCH Electronic Fuel Injection System	Traction Control System	Dual Exterior ABS	
Digital Instrument Panel Bluetooth	Bumpy & Sports Seat Shades	Aluminum Alloy Rotary Footrests	Aluminum Floor Board	Rear Wheel Aluminum	Ignition Key Cap Electric Lock	Luggage Hook	



VAQUUM STEEL WIRE SPOKE RIM

Vaquum steel wire spoke wheels combine lightweight with durable construction, ensuring smooth and agile performance. Enjoy the convenience of tubeless tires, which minimize the risk of punctures and provide a smoother ride.

HIGH COMPRESSION RATIO ENGINE

The 368cc engine has a high compression ratio of 10.5:1 which can achieve a power output of 36.5 hp and enhance both fuel consumption.

DUAL CAMERA RIDING

Front-rear driving recorder, 1296 resolution front camera,1080P high-resolution image quality, 140 wind angle and 170 angle approximate allow you to fully enjoy the fun of modern technology.

ZONTES SMART APP

3.0 KEYLESS CONTROL

Keyless Control with Anti-theft Function

The Keyless Control system, equipped with advanced technology, is a sophisticated feature designed to enhance security and convenience. The system utilizes a remote control fob to lock and unlock the vehicle, ensuring only authorized users can access the vehicle. The fob offers keyless ignition and remote starting, allowing for easy operation from a distance. The system also includes anti-theft features, such as rolling code encryption to prevent unauthorized access and immobilizers to deter vehicle theft. The remote control fob is compact and lightweight, with the ignition button located on the upper left of the fob. Overall, the Keyless Control system provides a seamless and secure experience, enhancing the convenience and security of the vehicle.

BRAKE HANDLE WITH PARKING FUNCTION

The brake handle is equipped with a parking function as standard, which is simple and convenient to operate, making it safer for you to temporarily park on a slope.

HAND GUARDS PROTECT

The vehicle comes standard with heated handlebars, and hand guards are included with the vehicle to provide the perfect protection for winter riding.

TFT FULL COLOR LCD SCREEN INSTRUMENT

Zontes 350E The vehicle adopts the full virtual TFT full color LCD IPS screen instrument and Text Phone interface, which is able to switch between day and night modes. It provides all popular functions, including phone interconnection, tire pressure monitoring, navigation, navigation prompt, music, Bluetooth, and other functions. The instrument also supports ambient light sensing, Micro-motion sensing, the vehicle shutdown the vehicle alone and Quick lock. All important components of the 3rd generation of ITKS system.

ADVENTURE CITY STYLE SPORT

FULL LED LIGHTING AND FOG LAMP

The super bright headlamp has a cool chasing effect, add the sense of ceremony of the vehicle. Adopt the LED light source, the illuminance is high, the color temperature, strong penetrating power and high brightness. In addition, it enters the illuminating range, which helps the drivers meet the challenges of various road conditions and improve safety. The fog lamp adopts the high-efficient radiator, featuring cool luminous design and long lifespan, which ensures the satisfactory illuminating during a slight fog or a long journey. The diamond rear taillight adopts the cool luminous design, which ensures the vehicle's recognition for braking and reversing and thereby improves the security. The profound low ambient light creates a sense of breathing and touches the soul directly.

WIDENED & HEIGHTENED WINDSHIELD

The windshield adopts the design of the heightened and widened, which ensures the head-wind resistance and ensuring a comfortable long distance scooter travel. (ZONTES 350E)

Disc Brake (ABS)

The front brake disc adopts the hole-to-groove design, which is very convenient when the ABS system and the brake system are in the same oil circuit. The front brake adopts the floating disc structure, which can effectively reduce the thermal deformation and improve the service life. The front disc brake adopts the floating structure, which can effectively reduce the thermal deformation and improve the service life.

STAINLESS STEEL CRASH BAR

The oil-price stainless steel guardrail adopts electrolytic polishing and electroplating, which is both a beautiful and high-strength anti-fall and anti-collision protection.

The tire pressure monitoring system will effectively prevent tire blowouts and protect the safety of the vehicle and passengers. It can also remind of tire wheels with low tread quality, and it warning will flash on the instrument interface.

FRONT INVERTED SHOCK UP REAR EXTERNAL GAS SHOCK UP

The front inverted shock absorber with a diameter of 41mm adopts a lightweight design to reduce the unsprung mass and improve the handling performance of the vehicle.

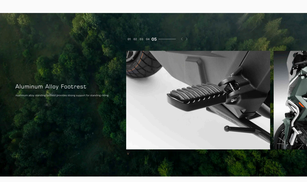
The rear shock absorber refers to an external gas cylinder to effectively reduce the rear shock wave, which is providing stronger support and more comfortable riding.

ALL-INCLUSIVE STRENGTH AND COMFORT CORVET

The sofa grade seat cushion with lumbar support is spacious and comfortable, and is equipped with a pneumatic damping rod, making opening and closing more convenient and smooth.

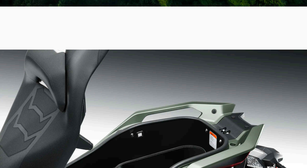
ALUMINUM ALLOY GUARD PLATE

The surface treatment of the aluminum alloy guard plate adopts natural color oxidation treatment, which is heavy-duty and durable. The guard plate is equipped with a rubber pad on the inner side to reduce the noise of the head strapping, can effectively block the flying small stones, and protect the engine and fuel tank.



Aluminum Alloy Footrest

Lightweight and durable, the footrest adopts the anti-slip design to improve the safety.



ULTRA-LARGE VOLUME REAR STORAGE COMPARTMENT

The large-capacity rear storage box can store two XXL full-face helmets, protective gear and small items at the same time.

ADVENTURE SCOOTERS

Power system

The body	Aluminum alloy
Cylinder number	Single cylinder
Camshaft system	Single overhead camshaft(SOHC)
Cooling system	Water cooling
Fuel	95 and above
Compression ratio	11.8 : 1
Displacement(ml)	368
Fuel supply method	intelligent electrical fuel injection
Electrical fuel injection system	BOSCH
Ignition system	Electric ignition
Idling speed (r/min)	1600 ± 100
Maximum power	28.5 kW / 7500 rm
Maximum torque (N.m/rpm)	40 N.m/ 6000 rpm
Gearbox	CVT
Economical consumption of fuel (L/km)	3.5 /100

Whole vehicle

Suspension system

***รับประกันสูงสุด 5 ปี หรือ 50,000 กม. (แล้วแต่ระยะไหนถึงก่อน)**

ยกเว้นชิ้นส่วนที่สิ้นเปลืองหรือเสื่อมสภาพตามอายุการใช้งานโปรดศึกษารายละเอียดการรับประกันเพิ่มเติมจากสมุดคู่มือรับประกันคุณภาพ
