XK

POWER, STYLE AND UNCOMPROMISED LUXURY

The XK epitomises Jaguar's legendary talent for creating beautiful high performance vehicles. A grand tourer with the heart and soul of a sports car, the XK builds on Jaguar's reputation for stunning design with its contemporary fusion of dramatic sweeping curves and a low-riding profile.

Jaguar's 5.0 Litre AJ-V8 GEN III engine delivers heart-racing acceleration and effortless power. It employs state-of-the-art engineering technologies to maximise its performance and refinement. Spray-guided direct injection optimises air to fuel ratios, while Cam Profile Switching adapts cam periods, depending on power requirements, giving up to 10 percent more mid-range torque. Dual Independent Variable Cam Timing recycles residual waste gases lowering emissions and improving fuel economy.
