

DEFENDER STATION WAGON

ABOVE AND BEYOND

With 90 and 110 wheelbases, Defender is the ultimate Station Wagon. The compact 90 seats four, while the 110 can be specified with either five or seven seats. The Defender Station Wagon's new 2.2 litre Diesel engine produces an impressive 360Nm of torque. With 90 percent of peak power constantly on tap from as low as 2,200rpm to over 4,350rpm, it provides maximum muscle for tough working environments. The six-speed manual transmission also provides smooth on-road performance, effortless gear changes and improves economy.
