THE NEW MINI COUNTRYMAN. GO ALL THE WAY.

MINI COUNTRYMAN.

The MINI Countryman is for people who want a 100 percent MINI, but with ALL4 all-wheel drive. Plus a little more space for their life and luggage.

GETS YOU FROM A TO B. AND TO Z IF YOU WANT.

Run out of tarmac? Heading off the beaten track?
No problem. You could bring your stuff from supermarket round the corner, or you could hook it yourself from mountain stream.
What's stopping you? We say **GO ALL THE WAY.**

HEAP OF SPACE INSIDE.

The longer body of the MINI Countryman means it has more space for up to 5 people, plus luggage. The rear seats shift backwards or forwards by up to 13 centimeters and fold down with a 40:20:40 split, depending on whether you need more room for legs or luggage.

HEAPS OF CHARACTER OUTSIDE.

Despite its 4 doors and overall length of over 4 meters, the new MINI Countryman is very much MINI, thanks to its unique proportions and classic front-end styling. 2 new highlights : a redesigned radiator grille, and LED fog lights with daytime running light.

HEAPS OF FUN EVERYWHERE.

Go-kart feel : it's a supremely fun ride, wherever you're headed. And it makes a big, bold and sporty statement : MINI ALL4 exterior styling features design elements on the front and rear aprons and side skirt that look like an under ride guard.

Remark : Please find specification at the back.

INNER BEAUTY.

Because we know that individuality is the number one priority for MINI driving, we've upped the ante with new, elegant features like Anthracite dials for the speedometer and rev-counter, and Chrome-plated air -vent adjusters .

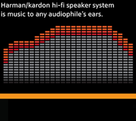

MINI CONNECTED: LIKE!

With the MINI Connected App, you can link your iPhone to your MINI and access state-of-the-art features on the display unit. In addition, you can receive thousands of web radio station from around the world, wherever you may be. Be MINI. Be Connected.
