XE

SPECIFICATION GUIDE

XE CHANGES EVERYTHING

The most advanced, efficient and refined sports saloon car that Jaguar has ever produced. The latest in an illustrious bloodline. Instantly recognisable as a Jaguar, it feels like a Jaguar, it drives like a Jaguar – XE is a Jaguar to its core.

XE is alive with the latest innovation, technology and design, connecting road to car, car to driver. It has a true sporting character and is packed with systems that empower the driver as well as enhancing the driving experience. XE rewrites the rules. XE is a wake up call for every other car in its class.

The following pages provide details and specifications for the XE range. In-depth descriptions of key features and available options are designed to give you all the information you require to create the XE that's right for you. Please use this guide in conjunction with the XE main brochure's colour and trim sections for illustrations of colours and materials available. Alternatively, you may prefer to use the XE configurator at jaguar.com to specify your new car.

Rubber loadspace mat	This premium liner tailored specifically for the XE luggage compartment will protect the loadspace area of the boot. Light and durable, it is easily removable for cleaning		T4N7497
Rubber loadspace mat extension	Offered for fitment in conjunction with rubber loadspace mat this mat extension provides protection to the back of the rear seats when folded down		T2H7734
Rubber loadspace liner	This premium liner tailored specifically for the luggage compartment will protect the loadspace area of the boot. Light and durable, it is easily removable for cleaning	Vehicle fitted with Alloy space saver spare wheel	T4N7501
			T4N7500
Protective second row seat cover	Protects second row seats from mud, dirt and wear and tear. Machine washable. Includes headrest and armrest covers		T4N7498
Luggage Compartment Nets	A pair of two nets provide additional enclosed storage in the luggage compartment and help to secure loose items such as bags or small parcels	Side net	T4N7499
		Floor net	T2H7746
Collapsible loadspace organiser	Collapsible loadspace organiser keeps items from shifting during transport		T2H7752
Rechargeable torch and dock	Machined out of solid aluminium with a black anodised finish, this high power rechargeable torch features an integral charging dock housed within the vehicle loadspace to ensure it is always charged and ready for action. Torch features maximum 300 lumen output with three further settings including a flashing mode		T2H7747
Bumper protector	Convenient pull out protector provides protection for the rear bumper from scratches and scuffs. It also helps to prevent clothing from collecting dirt from the bumper during loading/unloading. Manufactured from a robust fabric material the bumper protector has been designed to concertina under the loadspace floor for stowage		T2H7950

ACCESSORIES

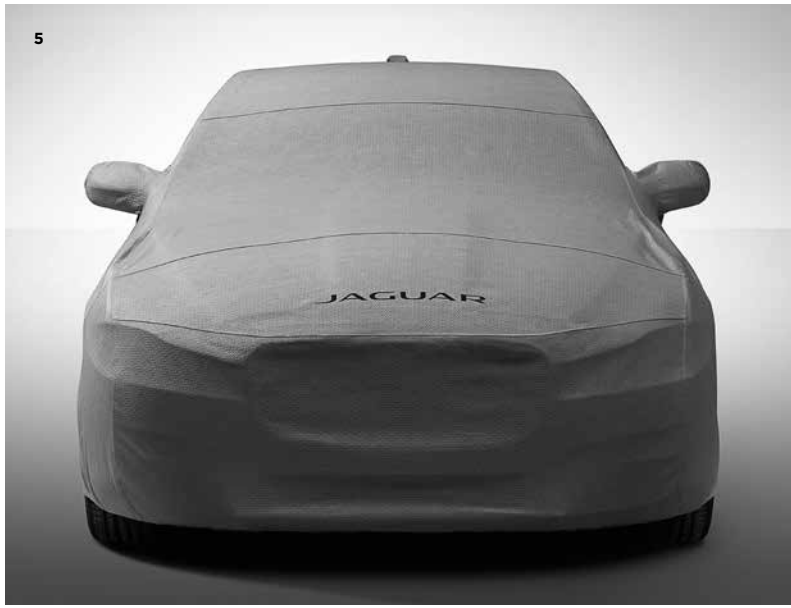

CAR CARE AND MAINTENANCE			PART NUMBER
Snow traction system	Improved mobility in snow, mud and icy driving conditions with this high-grip snow chain traction system. Please note this accessory can only be fitted to 17" alloy wheels, all of which are available as line-fit options or dealer-fit accessories	Offered for 17" Wheels only	XR836517
Snow sock winter traction aid	Enhance your traction in snow and icy conditions with this innovative and lightweight textile traction aid, easy to attach and convenient to stow		C2D43005
Space saver spare wheel	The space saver wheel kit is offered as a dealer-fit upgrade for vehicles equipped with the line-fit tyre repair kit. Tyre ordered separately		TBC
Jaguar Tyre Repair System	Temporarily repair a punctured tyre to enable you to complete your journey		TBC
Locking wheel nuts	Protect wheels with custom designed high security locking wheel nuts	Chrome	C2D42934
		Black	C2D42935
Wheel nut kit	Enhance the look of your wheels with Jaguar branded black wheel nuts	Chrome	C2D20072
		Black	C2D20073
Tyre pressure gauge	Ensure the efficiency and performance of your XE with the Tyre Pressure Gauge to help you keep your tyres at optimum pressure		C2P24751
Wheel cleaner	Jaguar and Autoglym have collaborated to develop and rigorously test a unique high performance wheel cleaner formula. This specially formulated alloy wheel cleaner is the only wheel cleaning product approved as compliant with Jaguar's exacting technical requirements and is officially recommended for all Jaguar vehicles	500ml	C2D20074
		5 litre	C2D20075
All-weather car cover	All-weather tailored cover for XE with Jaguar logo. Protect your XE from the elements including showers, frost and dust. Quick and easy to fit		T4N7502
First aid kit	A legal requirement in certain countries		C2S1026
Vehicle bulb kit	Spare bulbs to ensure you remain within ECE Regulations		T4N7503
Cleaner brush	This shaped wheel cleaner brush is specifically designed to the contours of your wheels		TBC
Child safety	Offer safety with style in car seats tested specifically for your Jaguar	Group 0+ (birth – 13kg)	C2D21866
		Group I (9kg – 18kg)	C2C35104
		Group I-II (15kg – 36kg)	C2C35572
		ISOFIX base	C2C32923
Jaguar Trackstar	Trackstar is the only Jaguar approved Stolen Vehicle Tracking and Recovery product. Jaguar Trackstar is a small covert electronic device installed in your vehicle which uses state of the art technology such as GPS (Global Positioning Satellite), GSM (Global Systems for Mobile Communications) and an integrated motion detector in order to accurately locate your vehicle, should it be stolen. Endorsed by all Police Authorities Protects against unauthorised movement. Insurance approved		N/A
Fire extinguisher	Dry powder 1kg fire extinguisher. Effective against a wide range of fires, including petrol and electrical		T2H7129
Warning triangle	Warning Triangle comes complete with integral stand		T2H7754
Battery conditioner	Diagnoses, monitors and maintains the battery at optimum levels ensuring prolonged battery life and reliability. Features integrated wiring and a dedicated DIN socket within the loadspace area, providing convenience and ease of use	EU	C2P24104
		UK	C2P24103

GLOSSARY

POWERTRAIN AND DRIVING DYNAMICS

JAGUARDRIVE CONTROL
Offers different modes selectable by a button to optimise the vehicle response depending on driving conditions and style.

DYNAMIC MODE
Dynamic Mode remaps the car's software to further emphasise its sporting character. It sharpens the throttle response, increases steering weighting and performs gear shifts more quickly and at higher engine speeds.

WINTER MODE
By selecting Winter Mode, the system automatically dampens acceleration and applies more gradual traction for slippery conditions.

ECO MODE
Eco Mode encourages fuel efficient driving offering gear change information and fuel economy feedback, it also reduces consumption by managing climate and audio electrical load.

ADAPTIVE DYNAMICS
Continuously monitors the road and driver inputs and optimises the car's suspension settings for ride comfort and control.

CRUISE CONTROL WITH AUTOMATIC SPEED LIMITER (ASL)
In tandem with cruise control, an Automatic Speed Limiter (ASL) allows the driver to select a maximum speed that should not be exceeded.

ADAPTIVE CRUISE CONTROL (ACC) WITH INTELLIGENT EMERGENCY BRAKE (IEB)
For effortless long distance driving, Adaptive Cruise Control will maintain a pre-set gap between you and the vehicle in front. If it slows, so will XE; if it accelerates, or turns off, XE will return to your pre-set cruising speed.

INTELLIGENT STOP/START
Stop/Start is a technology that stops the engine when it is not needed, improving the fuel economy and reducing the car's CO_2 emissions. The engine will restart immediately as soon as the driver's foot comes off the brake pedal. The engine will be operating at full capacity before the driver's foot has touched the accelerator pedal.

TORQUE VECTORING BY BRAKING
Torque Vectoring technology provides controlled braking on the inside rear wheel delivering sports car agility and added driver confidence.

SAFETY AND SECURITY

PARKING AIDS
XE's front and rear parking aids provide audible proximity warnings complemented by a Reverse Park Camera that not only shows the view from the rear on the Touch-screen, it provides an overlay of graphical information about the space the car is reversing into.

PEDESTRIAN CONTACT SENSING SYSTEM
A system that senses an impact between a pedestrian and the front of the car. It instantaneously raises the bonnet through a small distance in a very controlled way, to help prevent the pedestrian from contacting hard points under the bonnet.

JAGUAR TYRE REPAIR SYSTEM
Provides an electric pump and a canister of sealant to enable a temporary repair and re-inflation for a puncture of up to 6mm diameter in the tread area of the tyre, but not in the tyre walls.

TRAFFIC SIGN RECOGNITION
In conjunction with the Navigation system, the Traffic Sign Recognition feature uses a highly accurate camera system which detects speed limit and no overtaking signs and will display them to the driver.

AUTONOMOUS EMERGENCY BRAKING (Market dependent)
Utilising a camera with image processing, should a potential collision be detected, XE beeps a 'forward collision' warning, giving you time to take action. A visual warning in the instrument cluster and Head-Up Display follows. If no action is taken, with a collision still anticipated, the system then applies the brakes to help reduce the severity of a possible impact.

LANE DEPARTURE WARNING (Market dependent)
A forward facing camera detects lane markings and warns you by vibrating the steering wheel if you stray from a lane without indicating.

BLIND SPOT MONITOR
Jaguar's extended range Blind Spot Monitoring technology not only counteracts the danger of changing lanes while a vehicle is in a blind spot, it also senses vehicles approaching XE at high speed.

REVERSE TRAFFIC DETECTION
Reversing into unseen potential traffic, like emerging backwards from a parking bay, is made less hazardous with Reverse Traffic Detection which senses moving objects approaching XE's rear and provides warnings if the exit is not clear.

EXTERIOR FEATURES

ADAPTIVE FRONT LIGHTING
Sensors react to the car's speed and steering input, and the system can deflect headlamp beams casting light deeper into corners, giving added confidence at night. Intelligent high beam automatically maximises driver visibility. When sensing preceding, oncoming traffic or street lights, the headlamps will automatically switch to low beam.

INTERIOR FEATURES

JAGUARSENSE
JaguarSense makes it possible to operate the overhead lights with the very lightest touch.

JAGUAR SMART KEY SYSTEM WITH KEYLESS START AND KEYLESS ENTRY
With the Jaguar Smart Key in your pocket or bag, the Keyless entry system allows the XE to be conveniently unlocked by simply pressing a button on the door handle. Jaguar's Keyless start system also allows the XE to be started at the simple press of a button.

DUAL ZONE CLIMATE CONTROL
With humidity control, air filtration and dual temperature control for driver and front passenger.

MULTIMEDIA

NAVIGATION SYSTEM[1]
SD based system, providing faster access to data including postcode entry, destination entry on the move, voice guidance, Jaguar Voice (market dependent) input, RDS and TMC (Traffic Messaging Channel)/Dynamic Route Guidance, accessed through Touch-screen control system.

8" CAPACITIVE TOUCH-SCREEN
With controls for audio, climate control, Bluetooth® audio streaming and Navigation system (where fitted).

BLUETOOTH® AUDIO STREAMING
A Bluetooth® equipped Jaguar, enables hands free use of your mobile phone at any time when the phone is in the car through the Touch-screen. Bluetooth® also provides the ability to stream audio content, and full function control enables easy track selection. Bluetooth® is compatible with many mobile phones from most manufacturers including Apple, BlackBerry® and HTC – ask your local Jaguar dealer or visit jaguar.com for more details.

JAGUAR 80W SOUND SYSTEM
Jaguar's 80W Sound System features 4 amplifier channels and 6 speakers.

MERIDIAN 380W SOUND SYSTEM
Designed in conjunction with British audio experts Meridian specifically for XE. Featuring advanced technology, such as Digital Signal Processing (DSP) technology, to optimise every element of the system and use Meridian Cabin Correction's advanced algorithm to tailor the music experience to the precise acoustics of the vehicle's interior. The Meridian Sound System features 11 speakers – including 2 subwoofers, 380W and 12 channels.

HEAD-UP DISPLAY (HUD)
XE incorporates a Head-Up Display (HUD) that projects key information, onto the windscreen, directly in your line of vision. Using the latest, brightest laser display technology for maximum clarity, it allows you to watch your speed, see navigation turn-by-turn guidance and gear placement.

INCONTROL APPS
XE's all-new InControl system allows you to connect your smartphone, and using the vehicle's Touch-Screen, control compatible Apps. Simply download the Launcher App and plug in your smartphone to get Apps on the Touch-screen in the centre console. Key Apps include Contact, Maps, Calendar and Music Player.

INCONTROL REMOTE PREMIUM (Market dependent)
Using an InControl App on your smartphone, remotely set the climate controls to heat or cool XE to your desired temperature.

Wi-Fi HOTSPOT (Market dependent)
Wi-Fi Hotspot provides XE with a powerful external aerial for strongest possible mobile and data signal reception. It also creates an in-car Wi-Fi hotspot allowing passengers to wirelessly connect a range of devices with XE's Infotainment system and the internet.

INCONTROL SECURE (Market dependent)
In the event of your XE being moved illegally, the Stolen Vehicle Monitoring Centre will immediately alert you and liaise with the authorities to pinpoint the exact location of your vehicle.

[1]The Navigation system must always be used in conditions that will not affect the driver's ability to drive safely or affect the safety of other road users

Please consult your local Jaguar dealer for details.

OWNERSHIP EXPERIENCE

Service, assurance, and peace of mind are all part of the pride of owning your XE.

THE JAGUAR ACCESSORY RANGE†

Enabling you to personalise your car, to create a driving experience that is even more individually rewarding. All Jaguar accessories are tested rigorously for safety and durability in the most arduous of climates and conditions. A comprehensive range of styling options, interior and exterior accessories, enabling you to tailor your XE to suit your personal style. The full range of Jaguar accessories is available to view on-line, please visit jaguar.com for further information.

Any genuine Jaguar Accessories (excluding gift items and luggage from Jaguar Collection) supplied and fitted by a Jaguar dealer within one month or 1,500km/1,000 miles (whichever occurs first) of a new vehicle being put into service will benefit from the same warranty terms and duration as the Vehicle Warranty. Accessories purchased outside of this period will be subject to 12 month unlimited mileage warranty.

BECAUSE ONLY THE BEST WILL DO

An official Jaguar dealer or Approved Service Centre can ensure that Jaguar trained specialist technicians, with access to the full range of Jaguar approved parts and tools, will always be on hand to guarantee that every fitting, or repair, is carried out exactly the way Jaguar intended. Your Jaguar dealer or Approved Service Centre can also supply and fit Jaguar approved accessories to personalise and add to the practicality and style of your XE model.

SERVICE AND ASSURANCE*

Complete peace of mind including Competitively Priced Servicing, Seasonal Health Checks and Total Tyre Care to ensure that your Jaguar XE retains its premium condition, delivering optimal performance.

WARRANTY*

3 year warranty together with a 3 year Paint Surface Warranty and a 6 year Corrosion (Perforation) Warranty.

JAGUAR MAGAZINE

Jaguar Magazine is the official magazine of Jaguar Cars. It features the new Jaguar XE, XJ, XK, XF and new F-TYPE, and the worlds of luxury, style, design and travel. The fully interactive Jaguar Magazine iPad app takes the very best of the print edition of the Magazine and adds extra images, and exclusive information, allowing you to explore Jaguar's world in a whole new way.

JAGUAR.COM

Jaguar's official interactive website contains the latest information on Jaguar models and pricing. It also features helpful tools such as a dealer locator and a new model configurator allowing you to see the car tailored to your specification and colour.

JAGUAR FINANCIAL SERVICES*

Whether your requirements are business or personal please contact your local Jaguar dealer to discuss a range of finance and insurance products that can be tailored to meet your needs.

*Terms and conditions apply. Please contact your local Jaguar dealer for more information
†All Jaguar Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out so that Accessories are both durable and importantly, continue to comply with current legalisation

IMPORTANT NOTICE

Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. While every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and dealers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation. Comparisons are based on manufacturer's own data and testing.

ENVIRONMENTAL INNOVATION AT JAGUAR

Jaguar is proud to continue the company's tradition with its approach to Environmental Innovation. From the choice of lightweight materials and lean production methods to the efficiency of its engines and designs, Jaguar is committed to operating as a more sustainable business and reducing its overall environmental impact.

Jaguar's flagship XJ model was the first in the company to achieve ISO14040, the international standard for vehicle 'life cycle assessment'. This certification measures the environmental impact of XJ from component material sourcing and manufacturing process, through driving 200,000 km. But that's not all. Every new Jaguar is designed to be 85% Recyclable/ Reusable and 95% Recoverable at the end of the vehicle's life.

The XE, XJ, F-TYPE and XK's innovative use of lightweight aluminium, which incorporates up to 50% closed-loop recycled material from the manufacturing process of the bodystructures, provides considerable performance benefits. This includes improved fuel consumption and less CO_2 emissions during the use phase of the Life Cycle due to lighter structures. Our on-going target is to ensure scrap aluminium reclaimed from our stamping process is to be segregated and recycled through a closed loop system and re-melted into the same grade quality sheet, therefore reducing CO_2 emissions during the production phase of the Life Cycle. Jaguar is committed to reducing dependency on fossil fuels, using fewer resources and creating less waste as part of our approach to sustainability excellence.

The company plan includes 25% reduction targets in operating and tailpipe CO_2 emissions, waste to landfill, logistics efficiencies (15%) and water consumption (10%), all based on per vehicle built since 2007. In addition the manufacturing assembly CO_2 emissions of each Jaguar built in the UK since 2009 is 100% offset. For each tonne of CO_2 emitted in the assembly process, Jaguar invests in projects that reduce an equivalent tonne of CO_2 elsewhere. Taking into account the company's global sales growth and increased investment in more efficient operating facilities, we are proud to have delivered and in some cases exceeded our Environmental Innovation targets as planned for 2012. And we are on track to meet our 25% reduction in joint European fleet average tailpipe CO_2 emissions by 2015.

Looking forward, we have developed our 2020 vision for sustainable business growth that focuses on continued improvements in tailpipe CO_2 emissions, operational carbon neutrality and zero waste. To date the company has offset over 6 million tonnes of CO_2, provided over 4,000 direct jobs in 60 emissions reductions projects in 17 countries and improved the lives of over 1 million people in our global cook stoves emissions reduction programme.

But it doesn't stop there. Our manufacturing facilities have been certified to ISO14001 since 1998 and we are accredited to Platinum Plus level in the UK's Business in the Community Corporate Responsibility Index.
