PERFORMANCE ENGINES

RESPONSIVE ENGINES | **EFFICIENCY AND PERFORMANCE**

INGENIUM DIESEL FROM

129g/km CO

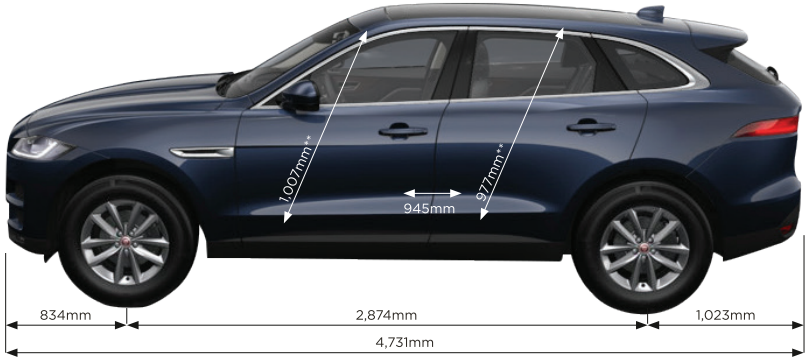

F-PACE is offered with the 2.0 litre 4 cylinder 180PS Turbocharged Diesel from our Ingenium range. Ingenium is Jaguar Land Rover's new breed of engine designed for effortless performance, refinement and efficiency. With advanced technology and all-aluminium construction Ingenium delivers impressive fuel consumption and CO2 emissions. Typically, 20kg lighter than equivalent previous generation engines, Ingenium is intrinsically more efficient.

And intelligent too – computer controlled, adaptive engine cooling only engages as required. The latest generation variable geometry turbocharger maximises peak power for low speed torque and responsiveness that is uniform, progressive and avoids lag. Internal friction – the enemy of performance and efficiency – is 17 percent lower in the Ingenium range than previous generation engines. Ingenium diesel engines are available with Rear Wheel Drive Manual, All Wheel Drive Manual and All Wheel Drive Automatic transmissions.

DIMENSIONS

Turning Circle
Kerb-to-kerb 11.87 metres
Turns lock to lock 2.5

Headroom
Maximum front headroom
1,007mm

Rear headroom
977mm

KEY FEATURES

ADVANCED AERODYNAMICS

LOW DRAG | INCREASED STABILITY

F-PACE's aerodynamic performance is a key function of its body design and supports an impressive drag coefficient. The result is that F-PACE really is as sleek as it looks. Highly advanced aerodynamics reduce fuel consumption, CO_2 emissions and wind noise while adding to high speed stability and driver confidence.

AUTOMATIC TRANSMISSION

EIGHT-SPEED AUTOMATIC TRANSMISSION

F-PACE's automatic transmission is highly responsive, smooth and efficient. Developed specifically for the demands of a performance SUV, it delivers rapid shifting for effortless acceleration and overtaking.

ACTIVITY KEY

ROBUST | WATERPROOF | SECURE

Activity Key* makes living life to the full even easier. For extra convenience, you can wear the Activity Key if you prefer not to carry a key fob. The wristband is robust and fully waterproof. It allows you to enjoy a range of activities – from skydiving to swimming – and keep your car key with you. You can use the Activity Key to lock and unlock your car. When exiting the car, you can leave the conventional key fob in the car and present the Activity Key to the tailgate to lock it. The conventional key fob is then automatically deactivated for security.
