

ALL-NEW DISCOVERY

ABOVE & BEYOND

WADE SENSING

All-New Discovery's improved geometry enables a significant improvement in wading capability when compared to its predecessor. With a wading depth of up to 900mm, whether crossing streams, fords or flooded areas, the optional Wade Sensing feature can prove invaluable. Available as an option on HSE. Unique to Land Rover, sensors located in the door mirrors give the driver pictorial real-time information about the water's depth in relation to the vehicle, as well as maximum wading capability via the Touchscreen.

PANORAMIC ROOF

The optional full glass fixed or front opening panoramic roof, on SE and HSE enhances the sense of space in the vehicle's interior and floods it with natural light, benefiting all three rows where specified, as well as providing enhanced views of the surrounding environment. Importantly, the toughened glass has a dark tint to maintain a comfortable temperature inside the cabin and protect occupants and the interior from the sun's rays. Powered interior blinds are also provided for added comfort when a panoramic roof is specified.

AUTOMATIC ACCESS HEIGHT

It's always good to arrive in style, so that's why we've introduced Automatic Access Height*. When you pull up at your chosen destination and the ignition is switched off or the seat belts are unclipped, the vehicle lowers by an initial 15mm. Then, as you open the door, it drops to its full access height of 40mm lower, making exit – and entry – that much more relaxed and elegant. The ride height automatically returns to its normal height as you pull away.

SEVEN FULL-SIZE SEATS

All-New Discovery's optional seven full-size seats truly exemplify comfort and versatility. Divided across three rows and readily deployable, no other vehicle in its class is so well appointed. For instance, the second row enjoys a 60:40 slide and recline configuration, coupled with a load-through facility. Stadium seating ensures everyone can see the road ahead in the greatest comfort whilst the stepped roof allows for greater headroom in the second and third rows; such clever use of space ensures everyone travels first class.

LOADSPACE CAPACITY

With a luggage-devouring 2,406 litres of space behind the first row of seats, All-New Discovery welcomes a greater load than any other SUV in its class. There's a generous 1,137 litres of space behind the second row of seats. Even when you utilise all seven seats you can still fit up to three cabin bags behind the optional third row. When it comes to carrying any load, having the option to fold all second and third row seats gives you more options, making life that bit easier.

CHOOSE YOUR MODEL

DISCOVERY SE

- Panoramic roof
- Body-coloured door handles
- Brunel Discovery script (bonnet and tailgate)
- Ambient Interior Lighting
- Front Parking Aid
- Rear Parking Aid
- Rain sensing windscreen wipers
- Automatic headlights
- Air Conditioning
- 19" 5 split-spoke 'Style 5021' alloy wheels
- Seat Pack 2 – grained leather seats and 12-way electric front seats
- Two-zone Climate Control
- Dark Atlas grille with Narvik Black surround
- Dark Atlas fender vent ingots with Narvik Black surround
- Dark Techno Silver tow eye covers
- Power fold, heated door mirrors
- Land Rover Enhanced Sound System 250W with 10 speakers (InControl Touch)
- Rear view camera

DISCOVERY HSE

- Contents of SE, plus:
- Front fog lights
 - Signature hi-line tail lights
 - Keyless Entry
 - Powered inner tailgate
 - Powered tailgate
 - Auto High Beam Assist (AHBA)
 - Activity Key
 - Blind Spot Monitor (BSM)
 - Closing vehicle sensing
 - Reverse Traffic Detection (RTD)

- Additional HSE content:
- Atlas grille with Narvik Black surround
 - Atlas fender vent ingots with Narvik Black surround
 - White Silver tow eye covers
 - 20" 5 split-spoke 'Style 5011' alloy wheels
 - Meridian™ Sound System 380W with 10 speakers plus subwoofer (InControl Touch Pro)
 - Seat Pack 3 – grained leather seats and 12-way electric front seats with driver seat memory
 - Three-zone Climate Control

DIMENSIONS AND CAPABILITIES

Standard Ride Height

With roof antenna 1,888mm

Headroom

Maximum front headroom with panoramic roof 1,016mm
Rear headroom 991mm

Loadspace Capacity

Rear seats upright
Height 939mm, Width 1,411mm
Maximum loadspace volume 1,137 litres
Maximum length at floor 1,119mm
Rear seats folded
Length behind first row 1,963mm
Height 939mm, Width 1,411mm
Maximum loadspace volume 2,406 litres
Maximum length at floor 1,963mm

Obstacle Clearance

Air suspension 283mm
Coil suspension 220mm

Turning Circle

Kerb-to-kerb 12.3m
Wall-to-wall 12.7m
Turns lock-to-lock 2.7

Wading Depth

Maximum wading depth
Air suspension 900mm
Coil suspension 850mm
